

Cisco has changed the URL for the user portal. Please save the new URL for future use.

<https://settings.webex.com/>

After you login, click the 3 dots in the top right corner, then select Reset Voicemail PIN and follow the instructions.

The screenshot shows the Cisco Webex Settings page for user Cyndi Shukla. The browser address bar displays <https://settings.webex.com/main/profile>. The page header includes navigation links: My Profile, My Devices, Call Settings, Message & Meetings, About, and Sign out. A circular profile picture of Cyndi Shukla holding a white dog is visible. To the right of the name, a three-dot menu is open, showing options: Reset Voicemail PIN (highlighted in yellow), Edit Emergency Services Address, and English (United States). Below the name, fields for WEBEX SIP ADDRESS, DIRECT, and EXT are partially visible, with the SIP address field containing a redacted value.
